

Dräxlmaier in *Rüsselsheim*

- ➔ **Coming from Frankfurt/Main:**
Take the A3 (going towards Cologne) to the Mönchhof interchange. Then take the A67 (going towards Darmstadt) to the Rüsselsheim interchange. Continue on the A60 (going towards Bingen/Mainz) up to the motorway junction / exit Rüsselsheim-Mitte. From there, turn right into the B519 ("Darmstädter Straße") going towards the city center. Continue straight ahead crossing three sets of traffic lights. After that, take the major road to the right (called "Friedensstraße" from here onwards). At the traffic lights, take the first road to the left ("Im Eichsfeld"). Drive right into the "City Forum" underground parking garage.

We recommend you parking your car in the "City Forum" underground parking garage in the yellow/orange parking area; from there you will gain direct access to Ferdinand-Stuttman-Straße 10 (elevator).

Otherwise, the entrance to our office building is on Rheinstraße.

- ➔ If you arrive by train, get off at the main station Rüsselsheim and go through the pedestrian underpass ("Sophienpassage") in the outbound direction, then immediately left up the stairs into Rheinstraße (runs parallel to the railway tracks). You will find the entrance to our office building on Rheinstraße. Our office is located on the third floor.
