Your ref., Your message of  
DRÄXLMAIER Group synopsis program

Date  
15 July 2025

**Update | SAP S/4HANA updates relating to the DRÄXLMAIER sites in Hunedoara and Timisoara (Romania)**

Dear Sir or Madam,

We recently informed you that we will be introducing a new business model (consignment) at our sites in Timisoara and Hunedoara in our group program synopsis. This will take place internally between our Romanian company (DAR) and our new central procurement company (DAS) and will not affect the business model we currently have with you.

As you already know from the first information letter, the new model will only affect direct material suppliers who receive scheduling agreements.

All necessary preparations have already been made to ensure a completely smooth transition to the S/4HANA system environment at our two sites in Timisoara and Hunedoara.

**To ensure a smooth start to production based on the new system landscape, we kindly ask you once again to make sure that the company “DAS Dräxlmaier Automotive Systems GmbH” is stored as a customer or debtor in your system.**

**Please also send us a confirmation that you have entered “DAS Dräxlmaier Automotive Systems GmbH” into your systems.**

(Details can be found in the appendix at the end of this letter)

In addition, we would like to inform you once again that our goods receiving and goods issuing departments will be temporarily closed during the affected period, as the successful transition requires a temporary shutdown of the systems.

**What are the details?**

**DIS  
Dräxlmaier  
Industrial Solutions  
GmbH**

- Receiving and shipping will be closed between September 29 and October 5 for deliveries to the following shipping address DAR Dräxlmaier Automotive S.R.L., Calea Stan Vidrighin 9A, RO-300714 **Timisoara**, Romania

We would also like to inform you about the delivery schedules.

#### **When will 0-call-off be sent?**

- The zero call-offs will be sent by **DAR / DGP** on Monday, 6<sup>th</sup> of October 2025

#### **When will the new call-off for the new plant be sent out?**

- The new call-offs will be sent by **DAS** on Monday, 6<sup>th</sup> of October 2025

Furthermore, We would like to refer you once again to our IMDS guidelines from February 2021, which are available on the supplier portal. Due to our new interface to the IMDS portal, we ask you to send IMDS entries in response to our IMDS request from ORG ID 207090. IMDS entries that you send directly to us via manufacturers cannot be assigned by our system and result in unplanned additional work for both us and you.

You will find further information on our **website** [<https://www.draexlmaier.com/en/digital-core-update>] about the transition to SAP S/4HANA Enterprise Management, explaining what it is, and which DRÄXLMAIER locations will be introducing the new solution and when. There you will also find a comprehensive list of frequently asked questions, which we regularly update with your questions. Please take a look at the questions and answers listed there first. If your question has not yet been answered, you can contact your previous contact person at DRÄXLMAIER as a first step.

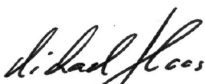

We have also set up a **mailbox** at [supplier-info.synapsis@draexlmaier.com](mailto:supplier-info.synapsis@draexlmaier.com) for your questions and feedback. Here you will receive direct answers from the DRÄXLMAIER managers responsible for the synapsis program and the respective divisions. Of course, you can contact us at any time with comments or suggestions.

Please forward this message to all colleagues in your departments for whom this information is also relevant. We want to ensure that your organization is fully informed about the system change.

We will continue to inform you about any possible adjustments and keep you up to date on all changes.

We look forward to continuing our successful partnership.

Yours sincerely,

i.V. Michael Haas
