Shipments from DRÄXLMAIER Group in Vilsbiburg

Dear Sir or Madame,

as already informed in the letter of 13th of October 2020, the routing for in-and outcoming shipments for the location in Vilsbiburg has changed. As from 15th of October this year the routing for the trucks only goes via the street so called "Urbanstrasse". Along this street there are signed parking areas which drivers can use for rest.

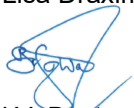

Due to some kind of cases in the last weeks we want to inform and kindly ask you to give following informations to your drivers and/or Subcontractors:

- Parking is only allowed in the signed parking areas, walk and bicycle ways must stay free
- Take attention to regular law (StVO)
- Mobile Sanitation exist in the „Urbanstrasse“, additionally there is a Sanitation Facility only for drivers in front of the new gate
- Waste has dispose in mandatory areas

We thank you in advance to take care and communicate this information to your staff.

Kind Regards

Lisa Dräxlmaier GmbH
